This is a 'Free to Attend' Event

Exhibition:

The annual event has 10,000 visitors annually and involves an exhibition with 175 fire safety exhibitors displaying and demonstrating the latest fire safety protection, equipment, technology and devices.

Seminar Programme:

The Fire Safety Summit presents a distinguished line-up of industry experts and keynote speakers. Gain valuable insights and expertise on best practices, regulatory updates, and current topics influencing the fire safety sector.

Helping those attending to upskill and elevate expertise in fire safety, there is a programme of CPD-accredited seminars, curated and presented by various industry experts to improve fire safety knowledge, risk control and management. The aim of the organisers is to deliver in-depth, current knowledge on pivotal fire safety components ensuring that attendees are

equipped with the latest insights, regulatory updates, and influential case studies with an opportunity to get pressing questions answered.

The programme will showcase presentations on the important fire industry updates and guidance for practitioners and businesses with a focus on standards, regulations and industry best practice. These sessions will be vital to ensure companies and organisations remain compliant and are equipped to meet their needs.
